

# Corporate Law

We provide comprehensive global corporate services that help clients complete sophisticated transactions in a rapidly changing competitive and regulatory environment.

Primarily, we target large corporations, public sector undertakings and small & medium enterprises, active in sectors as varied as finance, Information Technology, pharmaceutical industry, food & beverage industry, healthcare, hospitality and real estate.

Our large network of offices ensures that we provide extensive national and international coverage to business conglomerates on a variety of matters. We bring together support of recognised and leading practitioners, to render effective legal solutions and relief to our clients.

We recognise that corporate restructuring, management buy-outs and fundraising can put any client under immense pressure. We therefore endeavour to make the experience as fluid as possible. As a part of our business ethic, we make it our business to understand their requirements and guide them to their goals with the minimum of procedures.

Our expertise includes:

- Mergers and Acquisitions
- Purchase and sale of private limited companies;
- Setting up joint venture entities and group company structures;
- Management buy-outs;
- Advising upon and setting up distributorships;
- Due diligence;
- Company audits;
- Setting up offshore companies;
- Agency agreements;
- Assisting in formulating franchise arrangements and structures;
- Advising upon the suitability of charities and companies limited by guarantee;
- Private company structures;
- Buying and selling businesses;
- Securing property interests; and
- Demergers
